

**Pet Vet: The Kitten's Tale**  
By Darrel and Sally Odgers  
Illustrated by Janine Dawson

Directions: Use the numbered clues to solve the puzzle.

ACROSS

- 3. \_\_\_ biting is when a dog bites because it is feeling threatened
- 6. Unlike dogs, cats' claws are usually in protective \_\_\_\_\_, and they can push their claws out when they need to use them
- 9. Medicine to prevent disease
- 10. A \_\_\_\_\_ gun looks like a water pistol, but holds medicine. It is used to give medicine by mouth
- 11. Infected with bacteria

DOWN

- 1. Describes animals or humans who are thin and unhealthy as a result of not having enough good food
- 2. A big dog with big teeth chased and \_\_\_ Puss, the little kitten, after his owners shut him out at night
- 4. The \_\_\_\_\_ room is where a vet observes and treats small animals
- 5. Dogs should always wear a safety \_\_\_\_\_ when traveling in a vehicle
- 7. A \_\_\_\_\_ trap catches a cat, or other animal, without harming it
- 8. One way that mother cats teach kittens about how to act
