Elephant's Birthday Bells

With accompanying CD!

Lion's lost his rhythm and his bongos are missing a beat! Will the marching band help him get his tempo back in time for the summer fair?

Elephant is far too loud for the family band and everyone has had it ... until a very special birthday present helps her find her gentle jingle-jangle.

Each book includes a CD with 7 tracks including a narration, a sing-along song and lesson plans written by Carrie and David. So what are you waiting for?
